**Our Mission:**  
Bringing families hope,  
one individual at a time.

## **People recovering from alcohol and drugs are grateful for basic hygiene items**

Pamella Hoskins, manager of our Access to Recovery (ATR) program, says her program's stock of hygiene items is low.

Pam says:

“Our clients are often homeless, almost never have a job to start with, have no money and are trying to get their lives together without many resources. They often ask us for hygiene items.”

Access to Recover serves more than 500 adults per year who have alcohol and other drug-abuse problems. Two-thirds of the clients are male.

Donations are gratefully accepted from 8:30 a.m. to 5 p.m. weekdays at the Administration Building, 6200 W. Center St., or at our auxiliary office at 1862 W. Fond du Lac Ave. (Please see map.) For more information, please phone Pamella at (414) 678-5245 or e-mail her at [PamellaHoskins@MHYH.org](mailto:PamellaHoskins@MHYH.org). (Please note that there are two “I”s in Pamella.)
